The Fairfield Department of Health will be conducting MS4 program inspections on all discharging aeration systems that do not currently have a service contract with a service provider. The requirement is that all systems be inspected in the five year permit period beginning in 2015. Our records indicate that we will be inspecting 357 discharging systems in Violet Township during the five year period ending in 2019. 112 discharging systems will be inspected this fall in Violet Township. We will be charging \$30.00 for each inspection to be billed after the inspection is completed.
