Public Comment:

Mr. William Clark, 8538 Chateau Drive Pickerington, OH 43147, presented the following statement regarding rezoning of C3 to C2: "Mr. Chairman, Trustees, I have a statement this evening regarding retail and repair services as described by my opponent and myself at the ad hoc meeting on 5/20 of this year. He said (the opponent) that he would display cars." Mr. Myers interjected, "I do not mean to shut you off but would this be more appropriate to bring to the zoning board?" Mr. Clark continued, "I have an issue for the Trustees. I am stating all of this to clarify the issue again, specifically regarding a used car and repair business involving open display of vehicles for sale. Mr. Chairman, I would like to state for the record, that it is my commitment that whatever is done or said in this matter is not to impugn the character of, or defame anyone connected with this dispute. I'm certain my associates are as dedicated as I am to conducting ourselves as people of principle and sound ethical sensitivities. Indeed I would disassociate myself with anyone who is not so dedicated. I state that for the record and I hope the record will show that word for word, if possible. Finally, in the matter of public notice, which is the reason for addressing the Trustees, at a meeting on June 1, of Countrywood residents, about 90 in all, gathered to consider the formation of a homeowners association, I spoke on the C2 issue. Community residents told me that they were unaware that a change in the code effecting nearby properties was being considered by the zoning commission. This instance followed my experience last week in working with the "Times-Sun" supervisors in getting their papers to the Countrywood and Springcreek Subdivisions. It turns out that the papers were delayed beyond their normal deliveries due to the Memorial Holiday. In following thru on this, I learned from the "Times-Sun" supervisors that the "Times-Sun" is not delivered to the Springcreek condos, or any condos in their operating area. This came as unwelcome news as Springcreek is likely to be in the epicenter of a C3 debate, and the "Times-Sun" is the only newspaper so far

to cover discussions on this issue. What I am leading up to is this; I would like to make a dual request, 1) that you ask for a formal application from my opponent so that the residents would get a detailed explanation of the change being sought, and, 2) that you authorize a mail out to all township residents to ensure that everyone is notified in all jurisdictions. The one sentence notice, on the C2 code review which appeared in the "Eastside Messenger", while it meets the requirement code of township procedures, it was woefully inadequate, and there should be detailed discussion. This is because there was no formal application filed a descriptive, lengthy notice would ensue." Mr. Myers thanked Mr. Clark.

Rocco Sabatino, 8918 Chevington Chase Pickerington, OH 43147 stated that he felt that Mr. Clark was making a recommendation to advertise in a local paper which was more evenly distributed to residents.

Departmental Reports:

Fire Department

Chief Eisel presented the following information:

The fire department has a committee which is looking at how to commemorate the seventy-fifth anniversary of the fire service in Pickerington.

Chief Eisel gave an H1N1 update regarding number of cases and deaths worldwide. He spoke briefly regarding emergency management procedures.

The construction grant application was received. The top priorities for the grant are inadequate facilities and areas without a current fire station. Chief Eisel will continue to update throughout the grant process.

June 14th – 20th is National Safety, Health and Survival Week. The fire department will have activities the 15th-17th geared toward health and safety. On June 18th Radio Station 105.3 will do a live broadcast from Station 591. The radio station will recognize Gregg Goodwin as our "Hometown Hero" for all of the work he did on the Toy Drive.

On June 23rd the American Red Cross will have a blood drive at Station 592.

On June 25th the Columbus Blue Coat Award dinner will take place. Lt. Kevin McFarland will be honored that evening for the work he has been doing with the "Courage to be Safe Program".

Chief Eisel spoke of a rescue on June 2nd at the Pickerington Waste Water Treatment Facility. A construction worker had fallen into a concrete vault and a crane was used to lift the worker out. The worker was transported as a precaution, but seems to be doing well.

Township Engineer

Greg Butcher presented the following information:

The multi use path is moving along and is almost ready for paving. The whole project must be done by the end of the month, and Mr. Butcher did not see an issue with the deadline.
