Are there any drainage problems? (ponding, flooding, structural damage)

Yes, comments _____
 No

The BMP(s) have been installed properly and implemented on this site per the approved Drainage, Erosion, and Sediment Control Plan and will be maintained and/or reevaluated to operate effectively throughout construction. Any erosion or sediment control problems that may arise during construction will be remedied within five (5) calendar days or as weather permits. I understand that failure to comply with the requirements of the Violet Township Drainage, Erosion and Sediment Control Requirements may result in issuance of a **STOP WORK ORDER**.
