The last part of the component that will be complete inside the building will be the bay area. They cannot finish the exhaust system until the elevator is done. They will finish up with exterior painting, trim and some concrete once we get some good weather.

Our run volumes have increased. We are about 10% ahead of where we were last year at this time. Fire runs have been up.
The first resolution was to purchase the laundry extractor for protective gear for new Fire Station 591 from Ohio Super Laundry at a cost of $9,596.00. We have received grant money from BWC for this already. **Mr. Dunlap made a motion to adopt Resolution 2018-0221-01 – Purchase Extractor Washer for New Fire Station 591.** Seconded by Mr. Monhollen. Resolution passes 3-0.**

The third resolution is for the resignation of our part-time Mechanic. We have had Rob Fann but his personal business took off at a more rapid pace than he expected. **Township Engineer: Greg Butcher**

Mr. Butcher reported the 2018 Violet Township-City of Pickerington-PLSD combined paving project bids will be opened on Thursday, February 22 at 10:00 a.m. at Pickerington City Hall.

Mr. Butcher received formal notification from OPWC District 17 that our two Issue One projects-miscellaneous curb repair and Mamie Drive culvert replacement have been funded. We will receive $124,000 in grant funding for the Mamie Drive culvert and $335,000 in OPWC assistance ($200,000 grand and $135,000 no interest loan) for the miscellaneous curb replacement project. Work can now commence on getting bid documents ready. No work can begin until after July 1.

Mr. Butcher attended a meeting of the Huntington Hills Civic Association. Fairfield County is evaluating all of their property and has asked if we are interested in acquiring the green space at the south end of the division. As a reminder, this was discussed at our Planning Session. The situation is similar to that of Nelson Park (Eastchester subdivision) several years ago. No action necessary at this time. Mr. Dunlap asked if there were any comments from the Civic Association of them taking it over. Mr. Butcher said there were essentially three mechanisms for a transfer. One is someone from a local government and sale to a non local government which would be by sealed bid. Therefore they would be in that category of having to place a bid. They expressed in the meeting that that was unlikely to happen. Mr. Dunlap asked if there was not a mechanism for the County to donate the land to us. Mr. Butcher said there is.
Mrs. Wilde asked if we don’t want to accept it what happens to it. Mr. Butcher said it would be at the County Commissioner’s discretion on how they want to get rid of it. It would probably be in a closed bid scenario. It is zoned R-2.

Salt supply is sufficient. We have ordered our maximum allowable contract amount. Mr. Butcher has asked the supplier if the contract had any provisions where we could extend the contract but Mr. Butcher has not heard back.

Mr. Butcher had one resolution. Mr. Butcher shared that from time to time we utilize part-time personnel. Mr. Dunlap made a motion to adopt Resolution 2018-0221-07 – Hire Part-time Road Worker. Seconded by Mrs. Wilde. Roll call vote: Mr. Dunlap, yes; Mrs. Wilde, yes; Mr. Monhollen, abstained. Resolution passes 2-0 with 1 abstention.

All documents have been retrieved from the OTA offices.

We have since joined and received our membership materials. This is a nationally bid contract which ORC Section 9.48 permits us to partake in.

We received a settlement agreement that would provide us with the whole restitution in the amount of (the guardrail, the concrete cutting) that we submitted to them for invoices. This was forwarded to the Prosecutor on Tuesday and he said he was good with it. We will execute this and we hope to get our check back to get reimbursed for that damage.
