Departmental Reports:
Fire Chief: Mike Little
Chief Little had (6) resolutions.
Chief Little reported that due to one of our prevention officers retiring next year, we want to reclassify Lt. Barry Wright to position of Fire Safety Inspector. Barry was the top scoring candidate through the testing process. Mr. Dunlap made a motion to adopt Resolution 2018-0502-02 – Reclassify Lieutenant to Fire Safety Inspector. Seconded by Mrs. Wilde. Discussion: Mr. Dunlap asked if Lt. Wright would lose his rank. Chief Little said he would not and he would still have his rank and pay as Lieutenant. He is going to be known as the Fire Safety Inspector and we have no reason to create an officer’s position at this time. This does create a Lieutenant opening on shift. Roll call vote: Mr. Dunlap, yes; Mrs. Wilde, yes; Mr. Monhollen, yes. Resolution carries 3-0.

The next resolution was to do window repairs at Station 592 which is 21 years old. We had Pella windows come out and there is about $4,000.00 of window repair to do. Chief said he did when they originally started they did body mass measurements and after a year they re-did them and it should be coming up time to do them again soon. The next resolution was to purchase tools and accessories for new Station 591 at a cost not to exceed $11,500.00. Mr. Dunlap made a motion to adopt Resolution 2018-0502-10 – Purchase Tools & Accessories for New Fire Station 591. Seconded by Mrs. Wilde. Discussion: Mr. Dunlap asked if this was not to be used to work on equipment because Doc has his own tools for that. Chief said that was correct unless it was for something minor, not for major repairs. Roll call vote: Mr. Dunlap, yes; Mrs. Wilde, yes; Mr. Monhollen, yes. Resolution 2018-0502-10 carries 3-0.

Township Engineer: Greg Butcher
Mr. Butcher reported he is waiting on a schedule for the 2018 paving program. The parks portion of the schedule is out, the school districts portion is out and the City’s and our portions are pending. It is Mr. Butcher’s opinion that we will get the paving done sooner than later this year.

For the past year Mr. Eisel and Mr. Butcher have been working on something that has come to partial fruition today. It is a guide to neighborhood speed enforcement. They have collected information from other local governments and
personalized it for our township. He passed out a compilation of good information that we have collected. Mr. Butcher would like to have a simultaneous review with staff and the board. When this is completed it will be posted on our website.

This resolution allows us to go up to 110% or 1,650 tons if we were to exhaust what we have on hand and what the contract allows he feels comfortable where we are at.

Mr. Dunlap made a motion to adopt Resolution 2018-0502-07 – Hire Part-Timers for Road Department. Seconded by Mrs. Wilde. Discussion: Mr. Dunlap asked if we got an answer if they should be called seasonal or part-time. Mr. Butcher said it appears that part-time versus seasonal has nothing to do with the title; it relates primarily or perhaps exclusively to the number of hours worked. Mr. Butcher has talked with Melissa Tremblay and John Eisel and while it may have some inherent assumptions we don't think it has any unemployment considerations that we should be concerned with. Mr. Eisel added ‘seasonal or part-time’ doesn’t matter as it is based on hours and average weekly wage over a certain period of time. Roll call vote: Mr. Dunlap, yes; Mrs. Wilde, yes; Mr. Monhollen, yes. Resolution carries 3-0.

Trustee Reports:
Mrs. Wilde reported the ADAMH presented at Peace United Methodist was very well done. Mrs. Wilde attended a Pickerington City Council meeting as well.

Mrs. Wilde stated she would be visiting different Community Centers if any staff would like to join her. Mr. Monhollen said he could go after school is out but would need 24 hr. notice so the press could be notified. Mr. Dunlap added she should talk to other staff that have visited other Community Centers so we don’t ask the same questions.

Mrs. Wilde stated she and Mr. Butcher went out to Haaf Farms to talk about the speeding issues and they discussed possibly putting out flashing signs that show the speed of people driving through the subdivision. Mr. Dunlap asked if we have had a trailer there. Mr. Butcher said we have. Mr. Butcher also indicated he and Mr. Eisel have been working on a neighborhood speed enforcement document and handed it to the Trustees for their future review and comment.

Mr. Dunlap asked what the signs were that the Sheriff’s office had given us. Mr. Butcher said we have had two speed indicators; (1) was on a tri-pod and the other is the one that we currently use which is a trailer mounted unit that was purchased by the Sheriff’s Office. Mr. Butcher added we have been very diligent about setting that out and rotating it. Mr. Dunlap asked if Mr. Butcher had any luck in finding a solar charger for the trailer mounted unit. Mr. Butcher said it can be retrofitted but it was just as cheap to buy a new one.

Before the meeting, Mr. Butcher said he researched the State’s Cooperative Purchasing agreements and there are two vendors that offer speed indicators along with lasers and radars etc. Mr. Butcher said everything that is being offered has a solar component. Mrs. Wilde mentioned the possibility of individual subdivision’s Home Owner Associations contributing to the cost of a speed indicator. Mr. Monhollen wanted it to be known there are ’several’ neighborhoods in the unincorporated area of Violet Township.

Mr. Butcher also shared that there are multiple subdivisions that don’t have an HOA but also have a speeding problem. Mrs. Wilde shared that in the absence of an HOA, individual residents could solicit donations. Mr. Dunlap asked Mr. Butcher to check with the County Engineer on ones that you mount on utility poles. Mr. Butcher those indicators have been utilized by the Sheriff’s Office and Mr. Eisel said they had one on Basil Western and it didn’t work well. Mr. Dunlap asked Mr. Butcher to check with MORPC as they had signs available that say ‘slow down children’. Mr. Eisel also added they were provided with reports on the enforcement within the Haaf Farms subdivision. Mr. Butcher said the speed at which the traveling public feels comfortable on our wider streets is somewhere around 32 mph. There are very few law enforcement agencies that will issue a citation unless it’s 10 or more miles above the speed limit.
Mr. Butcher also shared that Central Ohio Community did a study with before and after speed indicators and found that reduced the speed by 1 mph.

Mr. Monhollen asked that we establish some sort of protocol for groups of people that are calling with concerns, to split the cost on this side and have that go through staff. Mrs. Wilde said her goal was to have some sort of ‘buy-in’. Mr. Monhollen said the calls can go through the Admin office and if the Trustees get calls we can refer them to Mr. Butcher.

Mr. Dunlap referred to a letter that everyone received from the Fairfield County Solid Waste District, which Mr. Dunlap is the Fairfield County rep on this board. Mr. Dunlap said we are a year and one half ahead of what the EPA requires. Hearings will be June 14 and then we will be notified when the document is due. Mr. Dunlap went on to say that a lot of work has been put in on this and we are way ahead of the game.

Mr. Monhollen reported he attended the PLSD teacher appreciation dinner.

Mr. Monhollen reported many of our staff as well as the three Trustees attended the Pickerington Food Pantry’s Gala event. He commended Vanessa Neikamp for a job well done. There were over 100 that showed up for this event. We raised a ‘little’ shy of $10,000.00.
